

Fuzion365 FieldWorksTM

M365-integrated field management.

PRODUCT OVERVIEW

FIELD PRODUCTIVITY / PRIVATE TENANT OR SAAS

WHAT IT IS

A field productivity platform built natively on Microsoft 365 - bringing site portals, dashboards, and Bluebeam-connected workflows into one place. Offered as a modular platform: purchase each module together or separately. Designed by people who have spent 35+ years inside large-scale construction, engineering, and utility programs.

CORE CAPABILITIES

- **Microsoft 365 Native**
Built on SharePoint, PowerApps, and Teams. No bolt-ons, no proprietary silos. Works inside the tools your teams already use.
- **Bluebeam Connectivity**
Direct integration with Bluebeam Studio for markups, RFIs, and submittals. Field-to-office in a single workflow.
- **Field Dashboards & Portals**
Site-specific dashboards for superintendents, foremen, and program leads. Real-time visibility on what is happening today.
- **Modular Licensing**
RFI, Submittal, Change Order, Transmittal, Bluebeam, and Field QA/QC & Inspections (planned). License modules together or separately - pay for what you deploy.
- **PowerApps-Extensible**
Customize without rebuilding. Your IT team can extend the platform using standard Microsoft tooling.
- **Audit-Grade Documentation**
Every action logged. Every approval tracked. Built for regulated environments where documentation is evidence.

INTEGRATION DEPTH

Built to connect with the systems
enterprise programs already run on.

Microsoft 365 NATIVE	SharePoint NATIVE	PowerApps NATIVE	Bluebeam DIRECT
Teams NATIVE	AWS INFRASTRUCTURE	Azure INFRASTRUCTURE	REST API OPEN

DEPLOYMENT

SaaS

Hosted by Fuzion in our secure Microsoft tenant. Fastest path to production.

Private Tenant

Deployed in your Microsoft 365 tenant. Your data, your perimeter, your IT governance.

Hybrid Integration

Federated with SAP, Oracle, Maximo, and existing program systems.

BUILT FOR

- EPC & Heavy Construction
- Energy, Gas & Oil
- Transmission & Distribution
- Water & Waste Water
- Infrastructure & Civil
- Commercial Construction
- Public Sector & Tribal
- Mining

BUILT BY

"35+ years inside large-scale capital programs. We built this for how the work actually gets done, not how software vendors imagine it does."

FUZION CONSULTING GROUP / EST. 2019

NEXT STEPS

Schedule a 30-minute walkthrough.

Bring your program lead. We will show you FieldWorks running against real data, and discuss how it fits your tenant, your team, and your timeline.
